ANNUAL TOWN MEETING — MARCH 14, 1967

Annual Town Meeting, Town of Londonderry, County of Rockingham, State of New Hampshire, Tuesday, March 14, 1967, at the Londonderry Central School. Moderator — Andrew C. Mack.

The meeting was called to order at 10 a. m. Part of the warrant was read by the Moderator. There was no opposition to omitting the reading of each article.

Mr. C. Hall was recognized. "Mr. Moderator, I move that the meeting proceed immediately to consider Articles #13, 14, and 15 of the warrant relating to the adoption of amendments to the Zoning Ordinance."

Second by F. Griffin. Affirmative vote.

"Mr. Moderator, I move the following resolution. Resolved: That the amendments as set forth in Articles #13, 14 and 15 of the Warrant, be the same hereby adopted."

Second by M. Wing. Affirmative vote.

"Mr. Moderator, I move that the voting for the adoption of the foregoing resolution be by ballot and the use of the checklists and the polls remain open for such balloting from 10 a. m. to 7 p. m."

Second by G. Barrett. Affirmative vote.

Mr. A. Cote was recognized. "Mr. Moderator, I move to proceed to Article #1 and vote by ballot."

Second by M. Wing. Affirmative vote.

Ballot boxes were checked and the polls were declared open.

Polls were closed at 7 p. m. Meeting was called to order and ground rules were set by the Moderator.

Article #1. To choose all necessary Town Officers for the year ensuing.

Voted by ballot: Total number of ballots cast — 865.

Article #2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.

R. Dutton moved that the budget as printed in the pink pages of the Town Report be accepted. All of the items were voted upon by the full Budget Committee. Second by M. Wing.

L. McKinney wanted Town Officers' Salaries and increase in the police fund to be taken up.

H. Shepard spoke against the motion. He felt the voters of this Town should be entitled to know every item that is in the Warrant budget.

Moved the question. Negative vote.

J. Wray moved the articles be taken up in the report, article by article. Seconded by O. Verani. Affirmative vote.

L. McKinney moved to leave the Town Officers' Salaries as is. Second by E. Russell.

L. McKinney withdrew her motion and E. Russell his second to make new motion.

Clarified motion by L. McKinney that the Selectmen be paid \$500.00 apiece. Other officers' salaries to remain as shown in the budget. Second by E. Russell.

H. Shepard noted no figure (total) was mentioned. Agreed on \$8,950.00 total. Moved that the question be made.

P. Gaskill requested that the motion on the floor be defeated.

The motion defeated.

H. Shepard moved the Town Officers' Salaries be \$10,450.00. \$2,500.00 for Town Clerk and Tax Collector, \$300.00 for Treasurer, \$3,000.00 for Selectmen, \$4,500.00 for Clerical Help, and \$150.00 for Auditors — total \$10,450.00. Second by K. Shepard.

J. Powers called for vote. Second by H. Shepard. Vote Affirmative.

Town Office expenses — G. Hicks made a motion to accept as presented — \$3,100.00. Second by E. Russell.

J. Wray moved an amendment to take items under General Government Expenditures. Start with Town Office Expenses, include as a single item. Second by E. Russell.

R. Dutton moved an amendment to the amendment to raise Town Office Expenses to \$5,100.00. Second by R. Webber.

The amendments and seconds were withdrawn.

R. Dutton made a motion to amend Town Office Expenses by increasing the figure to \$5,100.00. Second by C. Hall.

G. Thibeault moved to vote the amendment. Seconded. Vote negative.

Vote on original motion (G. Hicks) affirmative.

Elect. & Reg. — \$700.00 — moved by G. Hicks, second by A. Strino. Affirmative vote.

Exp. Town Hall — \$3,000.00 — moved by A. Strino, second by D. Vautier. Affirmative vote.

Soc. Sec. — \$750.00 — moved by F. Colman, second by P. Smith. Affirmative vote.

Pol. Ret. — \$550.00 — Moved by G. Hicks, Second by A. Johnson. Affirmative vote.

Admin. Zoning — \$865.00 — Moved by R. Dutton, second by K. Shepard. Affirmative vote.

Town Planning — \$250.00 — Moved by V. Van Grevenhof, second by R. Webber. Affirmative vote.

Bldg. Inspector — \$750.00 — Moved by J. Powers, second by C. Hall.

C. Chase made an amendment to raise \$600.00, the same as last year. Second by O. Verani. Negative vote. Vote on Power's motion — affirmative.

Police Dept. — \$19,930.00 — Moved by R. Webber, second by J. Herrin. Affirmative vote.

Vol. Fire Dept. — \$8,000.00 — Moved by H. Brewer, second by H. Zannoni. Affirmative vote.

For. Fires — \$1,000.00 — Moved by G. Hicks, second by D. Davis. Affirmative vote.

Insurance — \$1,600.00 — Moved by Hicks, second by O. Verani. Affirmative vote.

Civil Defense — \$500.00 — Moved by H. Brewer, second by M. Wing. Affirmative vote.

Dog Dam. & Legal Exp. — 2,300.00 — Moved by G. Hicks, second by H. Zannoni. Affirmative vote.

It was suggested to have separate headings for these two items next year.

Fees — \$2,000.00 — Moved by G. Hicks, second by A. Johnson. Affirmative vote.

Health-Overseer — \$500.00 — Moved by R. Dutton, second by G. Thibeault. Affirmative vote.

Town Dump — \$3,000.00 — Moved by G. Hicks, second by A. Strino. Affirmative vote.

Summer Roads — \$17,500.00 — Moved by G. Thibeault, second by D. Vautier. Affirmative vote.

Winter Roads — \$17,500.00 — Moved by G. Hicks, second by O. Verani. Affirmative vote.

Street Lighting — \$1,500.00 — Moved by Hicks, second by R. Dutton. Affirmative vote.

Gen. Exp. of Hwy. Dept. — \$700.00 — Moved by F. H. Zannoni. Affirmative vote.

Town Road Aid — \$1,413.06 — Moved by G. Thibeault, second by A. Strino. Affirmative vote.

New Construction — \$8,000.00 — Moved by J. Wray, second by H. Zannoni. Affirmative vote.

Libraries — \$3,050.00 — Moved by W. Cuffe and second by J. Nisula. Affirmative vote.

H. Shepard moved to reconsider and take up the remaining items, Memorial Day to end of budget, and vote. Second by E. Russell. Affirmative vote.

A. Strino recommended the Selectmen break down items under different headings.

G. Hicks moved adoption of the other items as printed in budget. Second by V. Van Grevenhof. Affirmative vote.

Article #3. To see what rate of discount the Town will allow on taxes for the ensuing year.

G. Hicks moved to accept the same amount of discount (1% discount if paid within 30 days from date of bill) as previous year. Second by D. Davis. Affirmative vote.

Article #4. To see if the Town will authorize the Selectmen to borrow money in anticipation of taxes.

R. Cote moved to accept Article #4 as read. Second by P. Smith. Affirmative vote.

Article #5. To see if the Town will accept State aid for the construction of Class V roads, and raise and set aside for said purpose the sum of \$1,413.06, and the State to contribute the sum of \$9,420.39.

A. Cote moved it be accepted as already accepted in the budget. Second by G. Hicks. Affirmative vote.

Article #6. To see if the Town will vote to raise and appropriate the sum of sixty five thousand dollars (\$65,000.00) for construction of a new Town Office Building.

Moved by A. Cote to pass over this Article and take it up under Article #17. Second by R. Webber. Affirmative Vote.

Article #7. To see if the Town will vote to raise and appropriate the sum of twenty two thousand dollars (\$22,000.00) for the purpose of having prepared and completed a "Tax Map of the Town of Londonderry."

P. Gaskill moved to accept Article as read. Second by R. Webber.

R. Webber moved to amend article to reduce \$22,000.00 figure to \$16,900.00 (This would be accomplished by using the \$5,100.00 from the sale of property last year and was set aside in a certificate.)

R. Webber withdrew amendment and second withdrawn.

Moved by Father Joyal to amend Article to spend the \$22,000.00, \$5,100.00 of which is to come out of last year's fund. Second by M. Wing. Affirmative vote.

Vote on motion affirmative.

Article #8. To see if the Town will vote to purchase the Hiram Cross property containing nineteen (19) acres more or less for the sum of \$10,000.00. The sum of \$5,345.58 to be raised to pay off the lien held by the State of New Hampshire, balance to be paid to Mrs. Hiram Cross at \$1,040.00 per year as town welfare.

F. Griffin made a motion to accept Article as read. Second by R. Webber. Affirmative vote.

Article #9. To see if the Town will vote to raise and appropriate the sum of \$5,000.00 for general improvements at Grenier Field.

Moved by F. Griffin to accept Article. Second by R. Webber. Affirmative vote.

Article #10. To see if the Town will appropriate money to finish tarring Clark Road, North Londonderry by petition Francis C. Kelley, et. al.

Moved by L. McKinney to accept article as written.
Second by R. Anderson. Negative vote.

Article #11. To see if the Town will increase the Librarian's Salary from \$1,500.00 per year to \$1,800.00 per year.

Moved by K. Plummer to accept article. Second by W. Cuffe. Affirmative vote.

Article #12. To see if the Town will raise and appropriate \$260.00 for twelve library chairs.

Moved by K. Plummer to accept article. Second by F. Colman. Affirmative vote.

Article #13. Shall this ordinance as proposed by the Planning Board be adopted for this Town? An article relative to Signs.

Voted by ballot: Yes — 424
No — 393

Article #14. Shall this ordinance as proposed by the Planning Board be adopted for this Town? An article relative to Commercial Piggeries and Mink Farms.

Voted by ballot: Yes — 481
No — 341

Article #15. Shall this ordinance as proposed by this Planning Board be adopted for this Town? An Article Relative to Mobile Homes and Trailers.

Voted by Ballot: Yes — 381
No — 457

Article #16. To see if the Town will vote to accept the following trust funds:

Charles and Lillian Hall	\$200.00
J. Parker and Ina Bell Hall	\$200.00
Samuel F. Campbell and George	
H. Hardy	1,000.00

Moved by F. Colman to accept article as written. Second by H. Brewer. Affirmative vote.

Article #17. To transact any other business that may legally come before this meeting.

Moved by R. Landry to instruct the Selectmen to bring about a Special Town Meeting to act upon Article #6, (New Town Office Building). Second by W. Weiler. Affirmative vote.

Moved by R. Webber that the Selectmen be empowered to raze the existing Town Hall in the event a new Town Hall is approved at the Special Town Meeting. Second by M. Wing. Affirmative vote.

K. Plummer moved that a study group be appointed to coordinate the recreational activities in the Town of Londonderry. Recommendations and results would be reported to the Town Meeting in 1968. Second by P. Gaskill. Affirmative vote.

Mr. Merrill, president of the Chamber of Commerce, presented some maps of the Town of Londonderry to the Selectmen.

A. Cote moved to adjourn. Second by H. Zannoni.

Meeting adjourned at 11:25 p. m.

Respectfully submitted,

ALICE M. TAYLOR,
Town Clerk

SPECIAL TOWN MEETING

May 16, 1967

Special Town Meeting, Town of Londonderry, County of Rockingham, State of New Hampshire, Tuesday, May 16, 1967, at the Londonderry Central School. Moderator — Andrew C. Mack.

The meeting was called to order at 7 p. m. and the warrant was read by the Moderator. Ground rules were set.

Article #1. To see if the Town will vote to authorize and empower the Selectmen to borrow a sum not exceeding sixty-five thousand (\$65,000.00) dollars for the purpose of constructing a new town office building in said Town, and to issue serial notes or bonds in the name of the Town in payment therefor, and to further authorize the Selectmen to determine the time and place of payment and the rate of interest on such notes or bonds, to provide for the sale thereof, and to do any and all such acts and things as they may deem necessary to accomplish the purpose thereof, in accordance with the provisions of the Municipal Finance Act (RSA 33) and any amendments thereto.

Mr. R. Landry moved to accept Article #1 as specified in the warrant. Second by C. Hall.

Mr. H. Collins moved to vote the article by ballot. Second by O. Verani. Affirmative vote.

After discussion, Mr. P. Gaskill moved the question. Second by Mr. J. Wray. Affirmative vote.

Total number votes cast — 247

Yes — 116

No — 131 Article defeated.

Mr. R. Dutton moved to adjourn the meeting. Second by K. Shepard. Affirmative vote. Meeting adjourned at 8:45 p. m.

Respectfully submitted,

ALICE M. TAYLOR,
Town Clerk

MARION I. ANDERSON,
Treasurer

ROAD AGENT REPORT

We have forty-one (41) miles of tar roads and twenty-six (26) miles of dirt roads which are maintained by the town.

With the growth of the town we have been increasing or adding approximately three miles per year over the past few years.

As the town keeps expanding it looks as if it could add even four or five miles per year to our total mileage, which is quite an added expense for Summer and Winter maintenance.

Most of these roads are new streets and some are roads which were turned back to the town by the State Highway Department upon location of new highways.

RICHARD S. MOORE,
Road Agent

LONDONDERRY POLICE DEPARTMENT

As we review our statistics for 1967, we notice that while we had an increase of about 14% in overall activity, we have been generally successful in our pursuits. We are very happy to report our second straight year of fatality-free highway accidents. Although the number of motor vehicle accidents continues to climb, the number of injuries have declined. Most of the accidents are minor, indicating that drivers are generally a bit more careful when traveling our roads. We feel that our policy of enforcement has created a little more respect among the operators, both within the town and those of nearby towns who may be passing through, so that you are a bit safer when you use our roads.

We are also pleased to report that the number of housebreaks also decreased, despite two occasions of rather spectacular activity in which several homes were entered. The bulk of our effort is directed toward the prevention of this type of crime, and the detection and prosecution of the offenders. Housebreaks are very disturbing to the home owner and particularly to the housewife. They also can be very expensive when deliberate ransacking occurs. The rural type area, of which Londonderry is largely composed, makes protection quite difficult. We do feel, however, that we have the capability and knowhow to keep it to a minimum. Twice in the past year we have stopped a series of housebreaks by rearranging our schedules and concentrating on an intense patrol of our roads. In each case many extra hours of duty were necessary and were given without pay by two officers. The results were positive.

As we reflect on the problems of the past year, it becomes very evident that we are in dire need of a third officer, if we are to maintain the present quality of law enforcement and meet the challenges which face us. The ever increasing work load, the technical detail that must be given to investigations, the additional time being consumed in preparing and prosecuting cases, and other administrative duties, are taking a continually

larger chunk out of the available time for the officers to be on patrol. A back-up officer is badly needed to cover for an officer when he is occupied with these other duties, and to be working during hours that should, but are not being covered.

This brings us to the question, "What type of man is needed?" We have given this problem a great deal of thought. It is an extremely important one. In analyzing the errors made through the years by Police Department, we believe that the most serious mistakes have been made in the selection of men. To say that an officer must be conscientious and dedicated to this type of work is no longer enough. He isn't being hired for 1 year or 5. In all probability he will be with the department 20 years or more. It just isn't possible to estimate what will be required of a police officer over that span of time. We do know that he must possess as a minimum, the following qualifications. He must be physically strong to cope with the increased violence of today. He must be intelligent, possess at least a high school education, and be educable on a college level. The Police Officer of today cannot perform his duties unless he has nearly a full knowledge of criminal law and procedure. Anything less than this will find him turning his back on the more serious problems as he becomes less able to cope with them. Conscientious he must be, for until Londonderry has a full complement of officers, he will be performing his duties alone, with only a minimum of supervision. Last, but certainly not least, only a man dedicated to his work will be willing to put up with the inconveniences of extra hours that emergencies present and also attendance at the schools and training classes that are a most necessary part of his profession. It will be difficult to find such a man, but we are determined. Anything less becomes too expensive in wasted manpower. Although the department is small, we believe it to be among the best in producing results. With your cooperation we will maintain our achievements.

FREDERICK L. BALL, Chief of Police

Londonderry Police Department **Yearly Summary**

The following are the activity statistics for 1967:

	1967	1966
Accidents	144	119
Assaults	4	8
Assists to other Depts.	78	87
Assists to motorists	38	48

Department Expenses for 1967

Chief's wages	\$ 6,615.00
Webster's wages	5,092.50
Cruiser expenses	5,174.40
Other Officers wages and expense	404.60
N. E. Telephone	477.73
Answering service	500.00
Supplies	553.00
Repairs and expenses	244.96
School Traffic	225.00
Clothing allowance	200.00
	\$19,487.19

LONDONDERRY POLICE DEPARTMENT

1967 Report of Canine Supervision and Complaint

As this is our first annual report, we would like to present a brief background on the functions of this section. While dog control is the responsibility of the Selectmen, it is usually handled under the supervision of the Police Department. It is a separate office and is not a part of the Police Department.

When the Police Department was reorganized in 1961, it soon became apparent that a definite canine program was needed to provide even a minimum of service, without a prohibitive cost. Officer Charles Webster accepted the position of Dog Officer. His remuneration then as now, is on an hourly and mileage basis from town funds.

With the substantial growth of the town and complaints regarding dogs increasing, extra time was programmed to decrease the number of unlicensed and uncollared dogs. This action in 1964 was primarily responsible for the increase in revenue from a total of \$937.00 in 1963 to \$1,361.25 in 1964. The 1967 total of \$1,447.50 represented a slight drop from the 1966 figure of \$1,462.00. We believe this was due to the new Rabies requirement and also a lack of time to make the usual summer license check.

In 1964 Chief Ball requested the purchase of a gas fired tranquilizing gun for a more humane method of apprehending strays and uncollared dogs. He also requested a town ordinance to permit a more reasonable restraint of vicious and uncontrolled dogs. Both requests were granted by the Selectmen. It is interesting to note that three years later, the State Legislature passed a law very similar to the Londonderry ordinance.

Officer Webster's handling of the dog problem has been exceptional. As this year's summary shows, it represents a considerable amount of work.

FREDERICK L. BALL, Chief of Police

DOG OFFICER'S REPORT FOR 1967

Several problems appear imminent in the coming year and we would like to provide a little information to help the dog owner. We also will make a few suggestions to assist in reducing the number of calls, maintaining neighborly relations and retaining a degree of control over our dog population.

First of all, the new law makes it mandatory that all dogs over three months of age: be licensed and collared with a tag bearing the owner's name and address; have had an effective Rabies injection (please note that the Town Clerk cannot and will not license a dog unless a vaccination slip is produced by the owner); must be of good behavior or placed under restraint.

Secondly, a great deal of hard feelings could be avoided if residents would attempt to solve dog problems before calling the dog officer. If a dog becomes a nuisance to you and you know the owner of the animal, many times a tactful telephone call will curtail the problem. If it does not, we will do what we can.

Thirdly, please remember that except for real emergencies, the dog officer works during spare time. He cannot be expected to answer calls while engaged in other duties. He will answer all calls as promptly as possible but cannot act on an immediate basis.

All stray or untagged dogs picked up by the dog officer are held a minimum of 48 hours to give owners an opportunity to claim them. An effort is made to find a home for the animals but because of the large amount handled, most have to be destroyed. Be sure to call promptly if your dog is missing.

In 1967 we have made over 200 calls regarding complaints, 51 stray dogs were put away and 27 other carcasses were buried.

CHARLES WEBSTER,
Dog Officer

LONDONDERRY FIRE DEPARTMENT

REPORT FOR YEAR 1967

Emergency — Emergency — Emergency — 432-3138

This is your fire department number. This number is manned twenty-four hours a day in readiness to alert your mutual aid volunteer fire department. The persons answering this number anticipate an emergency alert. This number should NEVER be used to ascertain the time of day, status of school openings or closings or for any purpose other than services within the province of the department. Your cooperation is earnestly requested and the set of statistics to follow will support our use of phone request.

Total calls received and logged at emergency number	730
---	-----

Calls requiring activation and service rendered:

Motor vehicle fires	17
House fires	14
Grass, woods and trash fires	25
Dump fires	3
Industrial and commercial responses ...	7
Mobile homes fires	4
Resuscitator responses	4
Ladder rescue calls	2
Electrical fires	2
FALSE ALARMS	6

Total calls resulting in activation of department	84
---	----

Calls received for deployment, and nonsense calls	646
---	-----

Your own imagination and/or knowledge can supply the necessity of these remaining 646 calls. We hasten to advise that part of these are by men, out of reach of the stations, in order to verify location of the emergency. They then proceed directly to the location in order to

minimize wasted time. This sort of call is necessary to deployment and is anticipated. Unfortunately this sort of call does not constitute but a fraction of the 646 calls. PLEASE use your department emergency number for the purpose for which it was intended.

Departmental expenditures for 1967:

New equipment	\$ 2,557.94
Improvements to fire department hall	2,492.00
New alarm system and basis installation	2,412.00
Maintenance of stations and equipment	1,453.48
Telephone expense	787.55
Heating expense	637.42
Insurance expense	562.30
Gasoline and oil for equipment operation	329.10
Electricity expense	190.58
Electrical wiring to complete alarm system	80.00
Miscellaneous general expense	189.54
	\$11,691.91
Total expenditures	\$11,691.91
Portion of expenditures paid from appropriated funds	8,000.00
Portion of expenditures raised by department activities	\$ 3,691.91

As can readily be seen your department is not only active in protection and safety but also provided 31.58% of the funds necessary to sustain the department. These additional funds were raised by members of the department, through volunteer time and effort, for the benefit of us all. I cannot ever praise too highly the department's devotion.

The new equipment expenditure included 1000' of 1½" hose, 150' of 2½" hose, portable generator, power chain saw, smoke ejector, portable flood lights, Scott air tanks, resuscitator tanks, helmets, nozzles, new engine in jeep, new antenna, portable hand lantern and

fire extinguishers. Attention is called to the very effective new alarm system, listed as a separate item, which has increased the emergency awareness beyond belief. This has been a long needed item.

Utilization of volunteer hours:	Man Hours
Fire fighting	1149
Training: basic pumps and hose, ladder and ladder rescue, Scott air packs, re- suscitator use, extinguisher use, ventilation, rescue and review of last year's courses	1096
Maintenance of stations and equipment	2850
Fire prevention programs	171
Fund raising and renovation of department hall	2562
Total volunteer man hours expended	7828

Fire prevention activities encompassed a house to house canvass passing out timely and pertinent information on fire prevention; issuance of, and subsequent required inspection of, seventeen (17) oil furnace permits; joint activities, during Fire Prevention Week, with Chester, Derry, Goffstown, Hudson and Manchester.

Based upon a forty (40) hour work week our volunteers, for your safety and protection, expended the equivalent of a years work of four men. Four men could never have accomplished what has been done but the realization of the comparative time and cost, if paid for, better points out the overall excellent volunteer duty being rendered.

On behalf of the department, and myself, I wish to extend my thanks to the townspeople for their valued support of our mutual aid dept. My warmest thanks go to the volunteer members who, by their devotion and sacrifice, have maintained protection of our more than \$15 million (dollars) worth of property. This has been a responsibility accepted by a comparative few, for the

benefit of many, and I again thank them sincerely for their efforts.

The proposed departmental appropriation for 1968 shows a considerable increase from last year. The intent of this increase is to provide us all with adequate protection during our present most vulnerable daytime hours, and for Monday through Friday. This 8:00 a. m. to 5:00 p. m. period, on those days, have produced 55% of our activation. In any event, whatever you, the townspeople, confer on the department for a final appropriation you may be assured that it will be utilized wisely, that the department will continue their efforts to raise the additional funds not provided but necessary (and continually on the increase) and that your protection will continue as long as the present spirit of cooperation exists.

Respectfully submitted,

HOMER L. BREWER,
Chief

REPORT OF FOREST FIRE WARDEN AND DISTRICT CHIEF

The year of 1967 will go down in history as a wet year although the early spring was dry and windy. During this time, we had many fires, unnecessary fires caused by carelessness and disregard for the common-sense fire laws and regulations. This lack of responsibility on the part of a few people hurts everyone. Let's work together to prevent the start of those unnecessary fires by:

1. No burning between 9:00 a. m. — 5:00 p. m. and then only with a permit from the Forest Fire Warden.
2. Take all debris and waste to the town dump.
3. Keep a clean, safe town dump.
4. Urge close supervision of children in regard to use of matches.
5. Exercise care with smoking material — use the ashtray.

RALPH STEVENS,
District Chief

DANIEL HICKS, JR.,
Warden

WOMEN'S AUXILIARY OF THE FIRE DEPARTMENT

The Women's Auxiliary of the Londonderry Volunteer Fire Department Inc. was formed to assist in the financial support and to render whatever practical assistance we can to the Fire Department.

During the year 1967, the Auxiliary held various fund raising activities such as a food sale at Town meeting, a Thanksgiving turkey raffle, silent auction, plus several minor activities which raised \$366.50.

We were proud to purchase two (2) dozen muster T-shirts and, as in the past, paid for the firemen's personal injury insurance which totaled \$261.44.

At all major fires coffee and lunch was served to the firemen.

In addition to assisting the Fire Department, we have taken upon ourselves to collect clean, pressed clothing for families who have been burned out.

We wish to thank everyone for cooperating with us during 1967; and invite any interested ladies to meet with us at the North end fire station the first Tuesday of each month at eight o'clock p. m.

Respectfully submitted,

GERALDINE VAN GREVENHOF,
President

REPORT OF HEALTH OFFICER

This report covers the calendar year 1967. During this period twenty-two complaints were received, investigated and acted upon by this office.

- A. Nineteen complaints — homes with overflowing sewage.
- B. Three complaints — unauthorized construction.
- C. Four complaints — unauthorized presence of trailers.
- D. Four complaints — farms emitting offensive odors.
- E. One complaint — unauthorized dumping.
- F. One complaint — house unfit for occupancy.

All the complaints received, were resolved in the best interest of the town and its residents.

During the year, all lunch rooms were visited, their facilities inspected and the conditions under which food was being prepared and served were examined closely. Prevailing conditions were found to be excellent.

GEORGE W. BARRETT,
Health Officer

BOARD OF ADJUSTMENT

1967 Activity

- I. Case History (Numerical) :
- | | |
|------|----|
| 1965 | 25 |
| 1966 | 23 |
| 1967 | 16 |
- II. Estimated per case cost (average): \$20.00.
- III. Case breakdown:
- | | | | |
|----|----------------|--------------------|---------------------|
| A. | <i>Section</i> | <i>Sub-section</i> | <i>Number cases</i> |
| | XII | B-1 | 1 |
| | | B-4 | 2 |
| | | B-5 | 11 (69%) |
| | III | G | 1 |
| | | L | 1 |
| | | | <hr/> 16 |
- B. Type of Appeal:
1. Special Exceptions (16)
 2. Variances (0)
 3. Appeal from an administrative decision (0)
- C. Case disposition:
1. Denied (7)
 2. Granted (9)
 3. Pending (0)
- IV. Remarks:
- Of the 16 cases involved 3 were not presented to Board after cases had been advertised causing unnecessary expense, inconvenience to Board and Public. This brings about the possible need for the Town to charge a filing fee to cover handling costs.
- Of the 16 cases handled 69% were related to Commercial business in Residential Areas which points to the possible need for additional Commercial Districting.
- V. Special Recognition — 1967:
- Chester Button, term expired, 4-1-67 (Chairman)
- Kermit Sheppard, resigned, 4-1-67 (Clerk)
- Donald Laferrier, resigned, 8-1-67 (Clerk)

Respectfully submitted,

JOHN E. WEBSTER, JR.

Clerk, Board of Adjustment

1967 ANNUAL REPORT
SOUTHERN NEW HAMPSHIRE
PLANNING COMMISSION

The Commission has been formally organized for seventeen months and has met monthly during that period. Business before the Commission during this initial period is included in the following major areas: Commission organization, review of federally-aided municipal projects, review of the Manchester Metropolitan Planning Study (MMPS), study of specific development projects and their intermunicipal relationship, and continuation of the regional planning program.

Besides the normal activities of organizing a new public agency (bylaws, officers, record keeping), the Commission was asked to increase its size by the officials of Concord, Nashua, Derry and other Towns. It was agreed that any expansion of the Commission would not be desirable at this time in view of the pressing immediate needs of the Manchester metropolitan area.

Under Section 204 of the Federal Demonstration Cities and Metropolitan Development Act of 1966 the Commission must review applications for federal financial assistance that involve a regional consideration. The Commission has reviewed applications from the City of Manchester for open space, sewerage facilities, water facilities, an incinerator, and several highway improvements. These applications were in progress during the initial months of the Commission's existence and the Town members are now being encouraged to qualify themselves for federal financial assistance in their development programs. During 1968 the Commission will continue to review applications to evaluate their consistency with comprehensive planning and with other projects being developed in the area.

The Manchester Metropolitan Planning Study was completed and turned over to the Commission during 1967. This study began in 1965 and contains the funda-

mentals of a Comprehensive Plan for the region: a Land Use Plan, a Transportation Plan, and a Community Facilities Plan. Of greatest immediate importance has been the various recommendations for traffic improvements. The MMPS was a special organization made-up of representatives from the Federal State, and local governments for the purpose of Developing a comprehensive area-wide regional plan. Prior to the dissolution of this group, the Commission held joint meetings with the MMPS Advisory Committee in an effort to gain a full understanding of the work that had been completed. It is now the duty of the Commission to review, update, and maintain this regional plan.

During 1967 the Commission decided to add to the plan a detailed study of sewerage and water facilities in all towns. An application has been submitted to the Federal Department of Housing and Urban Development to receive an Urban Planning Assistance Grant for two-thirds of the \$142,000 the study will cost. Essentially this is an engineering study which will include a complete survey of all existing facilities, evaluate existing and future needs, prepare a plan to provide adequate sewerage and water service throughout the regional area, and provide estimates of costs. The feasibility of expanding the Manchester systems to include part or all of the territory in the surrounding towns will be examined. The possibility of establishing unified area-wide systems in a district or authority will be analyzed. The study is scheduled to last two years.

An additional part of the planning program during the next two years will include an increased emphasis on coordination of municipal planning activities throughout the region, relating specific regional planning recommendations to local development programs, the provision of new base maps of the towns, traffic engineering planning, and capital improvement budget programming. This program is designed to supply plans which could solve many immediate problems related to providing adequate sewage and water service to residents in the

region, while at the same time continuing the long-range planning program.

During the first year of operation the Commission was supported by a 10¢ per capita membership fee based on the 1960 U. S. Census of Population. The Commission authorized an increase in the membership fee for 25¢ per capita in June, 1967, effective in 1968. These fees are as follows:

Municipality	1960 Population	25¢ per Capita Fee
Auburn	1,292	\$ 323
Bedford	3,636	909
Goffstown	6,882	1,720
Hooksett	3,713	928
Londonderry	2,457	614
Manchester	88,282	22,070

Town Warrant

and

Budget

of

Londonderry

New Hampshire

TOWN WARRANT
The State of New Hampshire

To the Inhabitants of the Town of Londonderry in the County of Rockingham in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at Londonderry Central School in said Londonderry on Tuesday, the 12th day of March, next at ten of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.

2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.

3. To see what rate of discount the Town will allow on taxes for the ensuing year.

4. To see if the Town will authorize the Selectmen to borrow money in anticipation of taxes.

5. To see if the Town will accept State Aid for the construction of Class V roads, and to raise and set aside for said purpose the sum of \$1,661.92, and the State to contribute the sum of \$11,079.49.

6. To see if the Town will vote to authorize and empower the Selectmen to borrow a sum not exceeding Seventy-Eight Thousand (\$78,000.00) Dollars (\$75,000.00 Electric Heat); (\$78,000.00 oil heat) for the purpose of constructing a new Town Office Building in said Town, and to issue serial notes or bonds in the name of the Town in payment therefor, and to further authorize the Selectmen to determine the time and place of payment and the rate of interest on such notes or bonds, to provide for the sale thereof, and to do any and all such acts and things as they may deem necessary to accomplish the purpose thereof, in accordance with the provisions of the Municipal Finance Act (RSA 33) and any amendments thereto.

7. To see if the Town will vote to adopt the following resolution:

WHEREAS, there are substantial areas of land in the Town of Londonderry surplus to the needs of the United States Government which have been offered to the Town of Londonderry; and

WHEREAS, there has been an abandonment or cessation of the previous use and the orderly redevelopment, use, and restoring of this land to the tax rolls is of great importance to the economy of the Town to provide employment and increase tax revenue; and

WHEREAS, the Town's interests in these matters should be represented by an authority created for each municipality of the State by Title XVII "Housing and Redevelopment" of the New Hampshire Statutes:

WHEREFORE, it is hereby declared that there is a need for a public body corporate and politic, to be called the Londonderry Housing and Redevelopment Authority, to function under the provisions of Chapters 203, 204, and 205 of the New Hampshire Revised Statutes Annotated and amendments thereto, within the area and for the purposes outlined in the following "Redevelopment Plan" which is hereby approved:

I. DESCRIPTION OF THE PROJECT

1. Project Boundary Description: The Project Area is shown on the "Project Area Map" and includes all the area within the boundaries as set forth below:

Beginning at the northwest corner of the Town of Londonderry, running southerly approximately 5600 feet to a point 1000 feet south of the intersection of Pettingill Road with the boundary line, thence running easterly along a line 1000 feet south of Pettingill Road to the intersection of this line with the west side of Harvey Road, thence northerly along the west side of Harvey Road to the intersection with Webster Road, thence easterly along the south side of Webster Road to the intersection with the easterly side of Grenier Field Road, thence northerly along the easterly side of the Grenier Field Road to the intersection with the easterly side of Harvey Road, thence northerly to the intersection of the property line of Parcel Number 1, thence along the property line of Parcel Number 1 to the point where it meets the Manchester line, thence westerly along the Manchester line to the point of beginning. Parcels Number 1, 2, and 3 are included within the above described area.

The Project Area also includes the following:

Parcel Number 4, the "coal pocket" so-called, located on the south side of the Boston and Maine railroad track in North Londonderry Village.

Parcel Number 5, the radio range site, located on High Range Road in the southern part of Londonderry.

II. LAND TO BE DEVELOPED

1. Properties Available for Acquisition: The surplus properties available for acquisition from the Federal Government are generally described as follows:

Parcel No. 1, 94.5 acres located on the east side of Harvey Road. The proposed use is for a technical training center or such industrial development as may be found adaptable to the site.

Parcel No. 2, 60.9 acres of land lying between Harvey Road and the railroad track. This area is proposed for use as an industrial park.

Parcel No. 3, 87.8 acres of land lying just south of the airport terminal facilities. This area is proposed for use as an air freight terminal. An alternative use would be for industrial development, preferably aviation oriented industry.

Parcel No. 4, 11.6 acres of land located in the North Londonderry settled area. This is proposed for use as a needed public park and playground for the North Londonderry area. An alternative use would be for industrial development expanding the existing industrial use of the area.

Parcel No. 5, 20.9 acres of land located on High Range Road in the southern part of the Town. This parcel is well located to provide an area for municipal public works facilities for the Town. Such a site is needed for a municipal garage and outdoor storage space.

2. Other Properties: Such other interests in real property as may become available to the authority within the Project Area, including but not limited to easements and rights-of-way for the construction of utilities, streets, and access roads, as are necessary to meet the objectives of this Plan.

3. Plan Objectives: It is the objective of this Plan to redevelop these areas for industrial use to strengthen the economic base of the Town by restoring the land to the tax rolls and providing employment.

4. Proposed Redevelopment: Proposed action within the Project area consists of clearing and development to adapt the area for industrial use. First priority to be given to new highway access from the Londonderry side of Grenier Field.

III. LAND USE PLAN

1. Permitted Uses: Parcels 1, 2, and 3 of the Project Area are in an Industrial District in accordance with the Zoning Ordinance of the Town of Londonderry. Uses permitted in the area will be in accordance with those permitted by that Ordinance and the regulations adopted thereunder.

2. Prohibited Uses: Uses specifically prohibited by the zoning ordinance and such other uses as may be prohibited by the Airport Zoning Regulations will not be permitted.

3. Interim Use: Any property acquired by the Londonderry Housing and Redevelopment Authority may be devoted to a temporary use prior to the permanent redevelopment and disposition of the property in accordance with such standards, controls, and regulations as the Authority may deem appropriate.

IV. GENERAL REGULATIONS AND CONTROLS

1. Applicability: The provisions of this Section shall apply to all land within the Project Area. The provisions of any zoning regulations, now or hereafter in force, shall apply to the use of land in the Project Area. This includes both the Zoning Ordinance of the Town of Londonderry and Airport Zoning Regulations of the New Hampshire Aeronautics Commission.

2. General Regulations and Controls: The Specific Conditions of the Restrictive Covenants controlling the development of municipally-owned land at Grenier Field shall be applicable to all improvements on such areas as may become a part of the Industrial Air Park development.

V. DISPOSITION OF LAND

1. General Provisions: All land acquired by the Londonderry Housing and Redevelopment Authority will be disposed of in accordance with the regulations and controls of this Plan.

2. Special Provisions: The Authority may adopt such provisions in addition to the above as may be deemed necessary to accomplish the objectives of the Plan.

VI. PROVISIONS FOR MODIFICATION AND TERMINATION

1. Modification: This Redevelopment Plan may be modified at any time by the Authority with the approval of the voters of Londonderry at a Town Meeting and by such owners and lessees of land as are affected by such modification in the use of their land in the Project Area.

2. Termination: This Redevelopment Plan and/or any modifications herein shall be in full force and effect for a period of thirty (30) years from the date of approval of this Plan by the voters of the Town of Londonderry.

8. To see if the Town will vote to raise and appropriate the sum of \$6,810.20 to pay for extending water line at Grenier Field.

9. To see if the Town will vote to purchase the Louis Paquette property for the sum of One Thousand One Hundred and Fifty Dollars (\$1,150.00) containing one acre more or less, located on Mammoth Road, joining the northerly side of the Hiram Cross property now owned by the Town.

10. To see if the Town will vote to raise and appropriate the sum of Two Hundred and Fifty Dollars (\$250.00) in anticipation of expenses to be incurred in the formulating and carrying out of the initial planning stages for the 250th Anniversary of Londonderry to be celebrated in 1969, and to direct the Selectmen to appoint a five (5) member committee to administer the fund, by petition John E. Webster, Jr., et al.

11. To see if the Town will appropriate money to grade and tar Elwood Road, by petition Wayland Elwood, et al.

12. To see if the Town will vote to raise and appropriate a sum of money, not exceeding Two Thousand Dollars (\$2,000.00) for the purpose of graveling, making other necessary repairs and plowing snow on the highway known as Mountain Home Road from its intersection with Mammoth Road to the dwelling of Mr. Hill and pass any vote relating thereto, by petition Loyd Phair, et al.

13. To see if the Town will vote to raise and appropriate the sum of Twelve Thousand Dollars (\$12,000.00) as partial payment for the reappraisal of all taxable property within the Town by the State Tax Commission. The above to be accomplished every 8 years on a reoccurring basis until rescinded by the voters of the Town at some future Annual Town Meeting, by petition Albert A. Johnson, et al.

14. To see if the Town will vote to raise and appropriate the sum of Twelve Thousand Dollars (\$12,000.00) as partial payment for the reappraisal of all taxable property within the Town by a professional appraisal firm. The above to be accomplished every eight years (8) on a reoccurring basis until rescinded by the voters of the Town at some future Annual Town Meeting, by petition Albert A. Johnson, et al.

15. To see if the Town will vote to have the Moderator conduct all future Annual Town Meetings or Special Town Meetings in accordance with Roberts Rules of Parliamentary Procedure, by petition Albert A. Johnson, et al.

16. To see if the Town will vote to accept the following Trust Funds:

George S. Dunton	\$150.00
Mrs. Howard N. Franklyn	\$200.00
Nancy Wheeler Tebbetts	\$100.00
Charles & Gladys Webster	\$100.00
F. B. & L. B. Nichols	\$200.00
Arthur Reed Strong, Sr	\$100.00
Oscar & Irene Thompson	\$200.00

17. To transact any other business that may legally come before this meeting.

Given under our hands and seal, this 26th day of February, in the year of our Lord nineteen hundred and sixty-eight.

PLANNING BOARD REPORT

The year 1967 represented the busiest year in Planning Board history. The board averaged over two special or regular meetings per month and in addition visited and toured over fifteen subdivisions. Major projects that were worked on and are still active include the 701 Comprehensive Planning Program, the Southern New Hampshire Planning Commission, Grenier Field, the Town Office Building, and the proposed Housing and Redevelopment Authority. A brief comment on each of these activities might be helpful.

701 Comprehensive Planning Program

The 701 Program was approved by the voters at the 1966 Town Meeting. Federal funds for the program, to cover two-thirds of the cost, were not received until July of this year. The program was started in August after the Planning Board engaged the James W. Sewall Company of Old Town, Maine as planning consultants.

The 701 Program is an in-depth analysis of town planning, growth trends, transportation networks, town facilities, school, police and fire protection departments, population analysis, land use, etc. The majority of the work is done by the Planning Board in close cooperation with the planning consultants. The consultants also do a great deal of statistical analysis, data gathering and prepare documents on town population trends, traffic patterns, etc. When the program is completed later this year, the town will receive a comprehensive plan to serve as a guide in town planning for the future years.

Subdivisions

This has been a year of greatly increased subdivisions activity. The planning Board has reviewed more than 40 subdivisions ranging in size from two lots to over 100. The subdivisions have been largely residential in character and have been largely concentrated east of the

Mammoth Road and South of Pillsbury Road. This south-east section of town offers good terrain and excellent access to Interstate 93 and obviously is going to develop rapidly in residential growth.

We are working with subdividers to maintain access to backlands, develop continuous and safe road systems and to minimize sewerage and drainage problems. Bonding is required on roads and other public facilities to insure conformance with town specifications and completion of the proposed subdivision facilities.

Income to the town from subdivisions permits was \$354.00.

Grenier Field

The Planning Board has been acutely aware of the growth potential and industrial advantages of the Grenier Field complex and has been working with the Manchester Airport Authority and the Manchester Director of Planning to encourage further development of the facility. Our existing industrial area at Grenier has yielded rich rewards on our initial investment. This area has some lots still available for small or medium size industry but is somewhat restricted in its acreage and traffic access.

The access roads and transportation network are very limited at the field and ultimately will require improvement and expansion. An access point from the south-east will have to be studied to improve traffic flow. The solution to these problems will require future expenditures on the part of the town or an authority as well as cooperation between the communities.

Proper land use in the runway clear zones and approach zones is also an area of concern and is being studied by the Planning Board and the Manchester Airport Authority.

There have been meetings with the representatives of the MAA, Planning Board, City of Manchester, Manchester Industrial Authority and the 701 consultants to improve communications and coordinate planning for

the field, the area around it and the service facilities. We have proposed that the MAA prepare an Airport Master Plan to be coordinated with our 701 Program and the Manchester Metropolitan Planning Study.

Southern New Hampshire Planning Commission

The Southern New Hampshire Planning Commission was officially formed in August 1966. The Town of Londonderry was a charter member having voted at the 1966 Town Meeting to belong to the Commission. The Commission Program is included elsewhere in this Town Report.

Our membership in the Commission has been invaluable to the Planning Board and the town. We receive the services of a professional planner at our Planning Board meetings, we are eligible for federal funds and participation in federal programs should they be needed and approved, we participate in regional development and planning and we will be included in a proposed detailed study of sewerage and water facilities.

The fee for each community will be increased this year from 10¢ per capita to 25¢ per capita based on the 1960 census to cover the costs of the expanding programs. Londonderry's portion will increase to \$614. Our continued membership is critical to the long range planning and orderly growth of the town.

Town Office Building

A committee of Planning Board members, headed by Mr. Robert Day, has prepared warrant articles, a prospectus, costs and specifications for a new Town Office Building.

All town functions are now concentrated in one borrowed classroom of the Central School. This limited space is entirely inadequate for the many departments and various town activities that are taking place in our town. We desperately need a new office building. Your support of this proposal at Town Meeting will be greatly appreciated.

Housing and Redevelopment Authority

The selectmen working with Hilliard Mills Associates, Inc. and the Planning Board have prepared an article for the warrant to create a Housing and Redevelopment Authority for the Town of Londonderry. The intent of the article is to create an authority to develop the industrially zoned land in the Grenier Field complex and the five parcels of land declared surplus by the Federal Government.

The town desperately needs more prime developed industrial land to attract industry to our community. Industrial tax dollars can offset rising school and municipal costs caused by residential expansion. We have already benefitted by the industry that has located in Grenier in an area rather limited in size. Without that industry our tax rate would be approximately \$42.00 per thousand.

The creating of an authority appears to be the ideal solution to acquire the surplus property at no expense to the town, develop it at no expense to the town, and yet maintain "home rule" control of the property and its uses. The authority would have the power to acquire funds independently of the town; to purchase, develop and advertise the property. They would be able to lease or sell the industrial sites to pay their expenses or debts and the town would obtain valuable tax dollars from any industry locating within the area.

This is a rare and challenging opportunity, for the betterment of the town and it represents a potential industrial boom to our community and our tax rate. Please support your selectmen, planning board, budget committee and Chamber of Commerce in voting for the authority on Town Meeting Day.

Respectfully submitted,

ROBERT M. WEBBER,
Chairman

REPORT OF BUILDING INSPECTOR

This report covers the period from January 1, 1967 through January 31, 1968.

New Homes	47
Trailers	25
Garages	7
Additions	26
Remodel	14
Industrial	1
Commercial	3
Swimming Pools	1
Barns	3
Sheds	10
Foundation for trailers	3
Operational Permits (Comm.)	9
Sewage Installations	3
Renewal for new homes	17
Bath house	1
Building moved	1
Milk house	1

The sites and building involved above were visited at various times during the construction phases to ensure compliance with state and local health and building codes.

SCHOOL WARRANT

To the Inhabitants of the School district in the town of Londonderry, New Hampshire qualified to vote in district affairs:

You are hereby notified to meet at the Londonderry Central School in said district on the 9th day of March 1968, at 1:30 o'clock in the afternoon, to act upon the following subjects:

1. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and to pass any vote relating thereto.
2. To see if the district will vote to authorize the school board to make application for, and to accept on behalf of, the district any or all grants or other funds for educational purposes which may now or hereafter be forthcoming from the United States Government and/or from the State of New Hampshire.
3. To see if the district will vote to authorize the school board to accept, in the name of, and in behalf of, the school district, gifts for the use of the school.
4. To see what sum of money the district will raise and appropriate for the support of the schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district.
5. To see if the district will vote to accept the provisions of Public Law 89-10, designed to improve educational opportunities with particular reference to children of low-income families, and to appropriate such funds as may be made available to the district under said Federal Act for such particular projects as may be determined by the school board. Further, to see if the dis-

trict will authorize the same for such projects as it may designate.

6. To see if the district will vote to raise and appropriate the sum of \$15,000.00 for the acquisition of land. This sum of money (\$15,000) to be advanced from the 1968-69 budget and made available to the School Board before April 30, 1968.

7. To see if the school district will vote to appropriate the sum of \$6,809.82 for the purpose of equipping the library at the North Londonderry School.

8. To see if the school district will vote to authorize the employment of a Business Administrator for New Hampshire Supervisory Union #10 according to RSA 186.11.

9. To transact any other business that may legally come before said meeting.

Given under our hands at said Londonderry this 12th day of February 1968.

SCHOOL BOARD REPORT

It might be well this year to cover briefly the aims and duties of the school board. Primarily the board sets policy. The board policy is determined to a great extent by what the people want and can afford. These desires are transmitted to the board by parents, the P.T.A., the budget committee, the selectmen, the planning board and numerous others. It is the long-range planning of your elected board that determines the kind of education your child can receive. You notice we say can receive because a great percentage of what your child receives is up to you, the parents.

Following are a few of the areas with which your board has been particularly concerned during the past year.

In the past year the new 12-room North Londonderry School was opened, resulting in a smaller number of pupils per teacher in both schools. We now have room to grow for at least one more year before we should again build.

Your board in the 1968 warrant will request funds for land for a school in the near future in the south end of town.

The overall curriculum has been improved by the addition of an assistant superintendent principally concerned with curriculum.

A full-time remedial reading consultant and a full-time music teacher have been added to the staff.

In the face of the competition for good new teachers, all teachers have been put on a uniform salary standard.

The overall cost of busing elementary school pupils is being maintained at a reasonable figure.

The school lunch program has been worked out with a new manager to cover both schools at no increase in per pupil cost.

The board is working closely with Pinkerton Academy on its future plans and the number of years it can con-

tinue to accept Londonderry high school students. Your town now sends approximately 250 pupils to Pinkerton, Memorial and Alvirne high schools. We are not overlooking the possibility of a high school in the future with neighboring towns.

The above facts may lead you to believe we are only worrying about the future. We do concern ourselves with the day-to-day operation of the two schools, e. g., milk and oil contracts, garbage disposal, that new pump for the Central School, etc. However, our main responsibility is to give the children of the town the best education possible within realistic financial limits.

Respectfully submitted,

R. F. PHILLIPS SMITH
JAMES L. WRAY
GORDON R. ARNOLD

SUPERINTENDENT'S REPORT

To the School Board and citizens of Londonderry I hereby submit my 5th annual report as your Superintendent of Schools.

Personnel:

In September we welcomed many new teachers, some to replace those who left the system and others that were to fill new, additional positions.

The recruitment of teachers is one of the most important responsibilities of the Superintendent of Schools: important because of the role of the teacher in the success of the school system. The teachers are the backbone of the system, and the degree of success or failure of the boys and girls is greatly dependent on the qualifications, background and maturity of the teacher.

The leading factor in obtaining top candidates from which to make selections is an adequate salary schedule. A salary schedule, at least comparable to neighboring communities, must be maintained; otherwise, you get only the candidates unacceptable to other communities. Fringe benefits, such as paid hospital insurance, pay for professional improvement (college courses) sabbatical leave, accumulative sick days allowance, are also important to prospective teachers considering a teaching position in the community. There are other factors which include; number of pupils in class, type of building, books that are up-to-date and ample supplies for the classroom teaching activities, availability of apartments and homes, the friendliness of parents and citizens in the town.

When one considers the short supply of teachers and the great demand for them by school districts caught in the area of rapid expansion, it is not difficult to understand the need for having competitive salaries and fringe benefits in order to keep the teaching staff turnover to a minimum and also attract new teachers of good potential for the additional positions added each year.

Our plan of recruitment is composed of a many-sided approach which includes:

1. Printing, and distributing to a wide area of colleges, brochures that tell of our community and schools in words and pictures.
2. Scheduled visits to college and university placement offices for interviews with prospects.
3. Sending teachers already in the system to visit their former colleges to try and encourage June graduates to come to our community for positions.
4. Sending principals to visit colleges to interview prospective candidates.
5. Advertising in newspapers to keep general public informed as to our needs.
6. Listing positions that are open in the Department of Employment Security weekly, also in various other placement offices such as the State Teachers Association, State Department of Education, etc.

We will continue to search for good candidates and strive to bring quality to our growing school system.

Curriculum:

I am most happy and proud to acknowledge the significant beginnings that have been made in the area of Social Studies. The committee of teachers and principals, under the direction of Assistant Superintendent of Schools Mr. Bernard J. Ellis, have been most enthusiastic. Their efforts will enable all teachers to have in their possession a course of study for their particular grade.

Arrangements have also been made to have inservice programs to upgrade and better understand our teaching efforts and the curriculum and the children.

Growth:

This word rather amply describes the School District's great problem; that of providing enough books, supplies, classrooms and teachers for the rapidly increasing number of pupils.

The School District must prepare for a long and short range plan to solve the school housing problem.

The need for classrooms will be acute by September, 1969 when the three available classrooms in the Central School will be filled; thereby once again filling all available classrooms.

The citizens should consider :

- A. Addition to the North School (6 rooms).
- B. New school in the South Londonderry area.
- C. Revamping Central School so that the curriculum can be expanded to include industrial arts, home economics, science lab, foreign language.
- D. Studying the high school situation to determine the best solution for educating the high school students.

Appreciation :

I wish to extend my appreciation to the citizens, school board, principals, teachers, librarian, secretaries and custodians for their help in making the Londonderry school system a good system.

Respectfully submitted,

ROBERT W. DOLPH
Superintendent of Schools

REPORT OF ASSISTANT SUPERINTENDENT

It is my pleasure to hereby submit my second annual report as Assistant Superintendent of Schools.

The curriculum study committee worked throughout the 1966-67 school year to develop guidelines for a curriculum for fourth grade social studies. This area was chosen due to lack of material available on the teaching of New Hampshire. This guide will be presented to the fourth grade teachers in September of 1967. As a supplement to this guide a package was prepared for each fourth grade teacher which consists of a booklet and visual aids material for the teaching of the units.

The Union office has prepared teacher recruitment booklets, describing all the towns in this Supervisory Union. These booklets have been sent to teachers colleges in the eastern half of the United States. They have been so written as to encourage prospective teachers to investigate the possibility of teaching in our towns in southern New Hampshire. A picture portfolio has also been prepared for use by the Superintendent and Assistant Superintendent showing every school in the Union—this will be shown to all students we interview on college campus.

The S. R. A. Achievement Testing Program, which was under pilot study during the school year 1966-67, was adopted for the school year 1967-68 in grades three through eight. The results received from these tests are of the type that will enable the classroom teacher and principal to be aware of the strength and weaknesses of each child by the end of November. With this material at hand the teacher can plan a program of studies to meet the needs of her particular class.

The new North School opened in September 1967. This will alleviate the crowded classrooms at the Central School as well as the necessity of housing children in the Methodist Church. Londonderry, as well as most small communities, is faced with a rapidly-growing school population. People of Londonderry have recognized their community education by good planning. The people can be very proud of their new school and the benefits it will bring to their children.

Mr. Donald Jobin, Vice Principal at the Central School, has been elected by the school board to the position of Principal of the new North School. I feel sure that he will bring to this position the same dedicated manner he has exhibited at the Central School.

Respectfully submitted,

BERNARD J. ELLIS

Asst. Superintendent of Schools

REPORT OF THE PRINCIPAL

The new school year started in September 1966 with the enrollment as large as was expected — 745, which rose to 765 during the year. The town had approved a new 12- room school for the northern end of the town; however, this was not going to be ready for occupancy until September 1967.

In order to accommodate the increase in enrollment — 660 in September 1965 to 745 in September 1966 — it was necessary to rent facilities from the Methodist Church directly across the street. Fortunately they had just completed Sunday School rooms which were easily converted to two commodious and pleasant classrooms. Mrs. Marion Landry and Miss Maria Kriton were selected to teach the two second-grade classes. The tour of duty was very pleasant for both teachers and children. They felt as if they were conducting classes in a little country school.

The teaching staff was increased by two; however, replacements for teachers who left brought the total of new teachers to nine. Only a few had had past teaching experience.

The Title I class established with Federal Funds for boys with language difficulties was housed in our teachers' room and conducted by Mr. Lowell Canovitch. The boys used all types of individualized materials in order to allow them to progress at their own rate.

Mrs. Marion Goggin assumed responsibility for school lunch program. Her fine choice of meals and friendly attitude was appreciated by pupils and staff alike.

The speech class conducted by Miss Diane Wood was continued for the second year as a federally financed project. The children respond so well to Miss Wood that we were saddened to hear that she would be departing at the end of the year. Plans are to keep the project going another year.

With the completion of the new North Londonderry School, Mr. Donald Jobin, my assistant principal, was selected to be supervising principal of the new building.

We were all pleased and happy for Mr. Jobin who proved his administrative abilities while he was assistant.

Under redistricting plans all children in grades 1 through 5 north of a line formed by Litchfield and Stonehenge Road are to attend the new school. This plan should prove to be a good one, for many children can walk to school. With the approval of 6 additional teachers the class load can be cut down considerably from the high of this year.

We are all looking forward to a new year with many of the hardships of this present year alleviated.

If conditions are to remain advantageous for good education, several problems must be solved. We must have:

- 1) competitive teacher salaries
- 2) new housing by 1968
- 3) complete junior high facilities
- 4) guidance, art and physical education services

These are critical areas of need and must be solved if the children of the town are to enjoy the benefits of good education.

Respectfully submitted,

JOHN W. BONE

Principal

SCHOOL HEALTH REPORT

During the school year all pupils had their vision tested. Of the 48 found with defects, 42 were seen by their doctors. Parents should be reminded that even though their child has passed the vision test at school, this is not assurance that the child is free from eye difficulties. The tests done are simple screening procedures and cannot pick up many of the defects. If your child complains of any eye symptom he should have a complete examination.

Pupils in grades 1, 3, 5 and 8 had audiometric hearing tests. Of the 8 new pupils detected with hearing loss, 7 were treated by their own doctor.

The Heaf test for tuberculosis detection was administered to all pupils, with parental permission, in grades 1, 3, 5 and 8. Twenty-six pupils and teachers were x-rayed as a follow-up procedure.

Polio clinics were held in January and March, at which time 605 children received the Sabin vaccine. 42 pre-school children received the measles vaccine at a clinic held in February. These were held in the school auditorium under the auspices of the State Dept. of Health.

The P.T.A. once again provided funds which were matched under the Federal dental program. This provided 30 hours for dental service. The nurse transported the children from school to the office of Dr. Francis Kheriaty in Derry. 64 children received treatment.

Communicable diseases and other clinics are listed as follows:

Chicken pox	2	Impetigo	3
Measles	3	Scarlet fever	6
Mumps	5	Ringworm	1

Children referred for clinic services:

Child Guidance	4	Cardiac	1
Convulsive	2	Orthopedic	2

Number of home visits 22

Pre-school registration clinic was held in April with 64 children registering.

Respectfully submitted,

RAE SIVES

School Nurse-Teacher

SPEECH THERAPIST

To the Derry School Board and the Superintendent of Schools:

A speech Therapy Program has been organized and instituted with Title I Federal Government Funds provided for Supervisory Union No. 10 in elementary schools of Auburn, Derry, Londonderry and Windham.

This program has been in existence since February, 1966 and until June of last year, five graduate students of Speech Pathology were employed on a part-time basis for this School Union. During this time approximately 100 children were seen for one-half hour weekly in a small group or individual session.

A seven week summer program followed providing more extensive service for the children and allowing considerable parent participation. Approximately 40 children attended, usually twice to three times weekly.

The program has continued for the 1966-1967 school year but because funds have not been available, a full day of this program has been eliminated. More extensive services are now needed in these areas as the population is so rapidly expanding.

Respectfully submitted,

DIANE WOOD

Speech Therapist

REPORT OF THE SCHOOL DISTRICT TREASURER

for the

Fiscal Year July 1, 1966 to June 30, 1967

**DIVISION OF MUNICIPAL ACCOUNTING
STATE TAX COMMISSION
Concord, New Hampshire
SUMMARY OF FINDINGS
AND RECOMMENDATIONS**

October 25, 1967

The School Board
Londonderry School District
Londonderry, New Hampshire

Gentlemen:

Submitted herewith is the report of an examination and audit of the accounts of the Londonderry School District for the fiscal year ended June 30, 1967, which was made by this Division in accordance with the vote of the District. Exhibits as hereafter listed are included as part of the report.

Scope of Audit

Included in the examination and audit were the accounts and records of the School District Treasurer.

Financial Statements

Comparative Balance Sheets, General Fund Account,
(Exhibit A-1)

Comparative Balance Sheets, General Fund Account, as of June 30, 1966 and June 30, 1967, are presented in Exhibit A-1. As indicated therein, the Net Debt increased by \$345,595.70 during the fiscal year ended June 30, 1967.

Comparative Balance Sheets—Building Fund Account:
(Exhibit A-2)

Comparative Balance Sheets of the Building Fund Accounts as of June 30, 1966 and June 30, 1967, are presented in Exhibit A-2. As indicated therein, the Unappropriated Surplus as of June 30, 1967, amounted to \$7,281.26. This represents accrued interest and premium on the bond issue and interest derived from investment of bond funds. It may be used for Building Fund purposes only if specifically authorized by vote of the School District.

Analysis of Change in Financial Condition: (Exhibit B)

An analysis of the change in financial condition of the School District during the fiscal year is made in Exhibit B, with the factors which caused the change indicated therein.

Comparative Statements of Appropriations and Expenditures—Estimated and Actual Revenues:
(Exhibits C & D)

Comparative statements of appropriations and expenditures, estimated and actual revenues for the fiscal year ended June 30, 1967, are presented in Exhibits C and D. As indicated by the Budget Summary (Exhibit D), a net unexpended balance of appropriations of \$1,699.60, plus a revenue surplus of \$6,296.08 resulted in a net budget surplus of \$7,995.68.

Statement of Receipts and Expenditures: (Exhibit E)

A summary statement of receipts and expenditures for the fiscal year ended June 30, 1967, made up in accordance with the uniform classification of accounts, is included in Exhibit E. Proof of the Treasurer's balance as of June 30, 1967, is indicated in Exhibit F.

School Lunch Program Account: (Exhibit G)

A statement of the School Lunch Program Account for the fiscal year is included in Exhibit G.

Statement of School Tax Account: (Exhibit H.)

A statement of the School Tax Account with Town of Londonderry is presented in Exhibit H. As indicated therein, as of June 30, 1967, the School District had received from the Town the total amount of the 1966-67 School Tax.

During the fiscal year General Fund payments in the amount of \$3,591.38 were made from the Building Fund, which actually represented an advance of this amount on account of the 1967-68 School Tax. This is shown as a liability account in the General Fund balance sheet and an asset account in the Building Fund balance sheet.

Building Fund Account: (Exhibit I)

A statement of the activity in the Building Fund Account during the fiscal year is included in Exhibit I.

Statement of Bonded Indebtedness: (Exhibit J)

A statement of the outstanding bonded indebtedness as of June 30, 1967, showing annual debt service requirements, is contained in Exhibit J.

General Comments

Current (Deficit) or Surplus:

The current financial condition of the School District changed from a current deficit (excess of current liabilities over total assets) of \$1,046.98, to a current surplus (excess of total assets over current liabilities) of \$3,357.32, during the fiscal year ended June 30, 1967, as shown herewith:

	June 30, 1966	June 30, 1967
Total Assets	\$8,625.60	\$13,206.91
Current Liabilities	9,672.58	9,849.59
Current (Deficit) or Surplus	(\$1,046.98)	\$3,357.32

School Lunch Program:

It is recommended that individual invoices for all goods and materials purchased be attached to statements when bills are paid and that the check number be entered thereon. This procedure provides a cross reference between checks issued and paid bills.

Conclusion:

The provisions of Chapter 184, of the Laws of 1955, require that this report or the summary of findings and recommendations (letter of transmittal) shall be published in the next annual report of the School District.

We extend our thanks to the officials of the Londonderry School District for their assistance during the course of the audit.

Yours very truly,

HAROLD G. FOWLER
